

AKASH DAS

Full-Stack Laravel Developer

+91 8583949391 | ad22111997@gmail.com | Kolkata, India | akashdas.bolt.host

PROFESSIONAL SUMMARY

Results-driven Full-Stack Developer and Technical Lead with 5+ years of experience delivering 25+ client projects across PHP/Laravel, MySQL, and modern JavaScript frameworks. Proven expertise in RESTful API design, third-party system integration, cloud deployment, and end-to-end SDLC ownership. Skilled at translating business requirements into robust technical solutions, mentoring development teams, and driving on-time delivery for client-facing, production-grade platforms.

CORE SKILLS

PHP (Core & Laravel) · MVC Architecture · Eloquent ORM · Blade Templating · MySQL & Database Design · RESTful API Development · Microservices Integration · JavaScript (ES6, jQuery) · React.js · Python (Django) · HTML5 · CSS3 · Bootstrap · Tailwind CSS · Git & Version Control · Agile/Scrum Methodology · CI/CD & Deployment Pipelines · Payment Gateway Integration (Razorpay, Stripe, PayU, CashFree) · Twilio & WhatsApp API · Real-Time Communication (WebSockets) · AWS S3 & Cloudflare R2 · Performance Optimization · Code Review & Mentorship · Technical Leadership · Cross-Functional Collaboration · Client Relationship Management

PROFESSIONAL EXPERIENCE

Senior Full-Stack Developer — Aura IT Host

Dec 2025 – Present

- Spearhead end-to-end architecture and development of scalable, high-performance Laravel web applications, from requirement analysis through deployment and production support.
- Engineer optimized MySQL database schemas, build secure RESTful APIs, and integrate third-party services for diverse client projects across multiple domains.
- Mentor a team of 2 developers and drive strategic technical decisions on scalability, performance optimization, and code quality standards.

Technical Head — Fashionsta Technologies (Sister Concern of FabHub Technologies)

Mar 2025 – Dec 2025

- Directed a development team of 2, owning technical strategy, code reviews, and full-stack delivery across Laravel, Django, and RESTful API ecosystems.
- Architected scalable technical solutions for new products, established company-wide coding standards, and championed Agile/Scrum adoption to accelerate delivery speed.

Full-Stack Developer — FabHub Technologies

Oct 2024 – Feb 2025

- Engineered product filtering, dynamic search, cart enhancements, and a user-friendly admin dashboard for Showloom.com, a high-traffic fashion e-commerce platform.
- Integrated secure Razorpay/Stripe payment gateways and third-party logistics/notification APIs; boosted backend performance through database and query optimization.

Software Developer — Pepex Private Limited

Jul 2021 – Sep 2024

- Designed and delivered 6+ enterprise-grade production systems — Online Exam Portal, HRMS, Project Management Portal, Interview Portal, Marketing Portal, and Accounts Portal — using PHP/Laravel.
- Implemented role-based access control, automated reporting, and Kanban-based workflow tools in close collaboration with cross-functional agile teams.

Academic Researcher — Royal Research

Dec 2020 – Jun 2021

- Conducted in-depth technical research and delivered small-scale, tailored software solutions for international academic and industry clients.

Associate Software Developer — Zensar Technologies

Aug 2020 – Nov 2020

- Developed and maintained web applications using C#, ASP.NET, and SQL Server; contributed to full SDLC, debugging, and peer code reviews.

EDUCATION

B.Tech in Computer Science & Engineering — JIS University, CGPA: 8.18

Higher Secondary — Barrackpore Govt. High School — 65.8%

Secondary — Barrackpore Govt. High School — 76.4% (2016 – 2020)

CERTIFICATIONS & ACHIEVEMENTS

- Delivered 25+ end-to-end web and software projects across PHP/Laravel, Python/Django, and JavaScript stacks over a 5+ year career.
- Published research: "Smart Voice Controlled Wheelchair" — International Journal of Computer Science and Engineering, and ResearchGate.net (2019–2020).
- Selected 4 times by CII for innovative project prototyping; shortlisted for AICTE Chatra Viswakarma Award (2018); selected by TATA STEEL for innovative prototyping (2019).
- Certified: Website Development (Versicle Technologies), Cloud Computing (JIS University), Computer Forensics (Udemy).
